Anubhav Singh

Tezpur University, Assam

B.Tech — Electronics & Communication Engineering (2nd Year)

singhanubhav@gmail.com — 7365948201 — LinkedIn — GitHub

Summary

Frontend-focused developer with strong interest in backend systems. Experienced in building and deploying real-world web applications using React, Next.js, Tailwind CSS, and Supabase. Comfortable working in team environments and explaining technical concepts clearly.

Skills

Frontend: HTML, CSS, JavaScript, React, Tailwind CSS, Next.js
Backend / Platforms: Supabase (Authentication, Database), Node.js, Express.js, JWT (working knowledge)
Tools: Git, GitHub, Vite

Projects

Anony-mous — Anonymous Discussion Platform
Live Demo

- Built a Reddit-like anonymous discussion web application focused on privacy and simplicity.

- Implemented authentication, database, and access control using Supabase.

- Designed responsive UI using React and Tailwind CSS.

- Deployed the application on Vercel and integrated frontend with backend services.

TU-Codes Community Website — Frontend Developer
Live Website

- Frontend contributor for the official coding club website of Tezpur University built using Next.js.

- Developed reusable UI components and responsive layouts using Next and Tailwind CSS.

- Collaborated with a development team to maintain design consistency and improve user experience.

Betana — IEEE IDEARUN Project (Frontend Developer)

- Built the frontend for a product-based project selected in the Top 6 teams in India at IEEE IDEARUN.

- Focused on UI structure, responsiveness, and product flow.

Experience & Activities

Tezpur University Development Team — Web Developer

- Part of the development team responsible for building the TU-Codes website.

- Worked collaboratively with designers and developers in a real project environment.

Chai aur Code — Online Teaching Platform
Instructor / Teaching Assistant

- Taught Tailwind CSS in an online session.

- Explained utility-first CSS concepts with hands-on examples.

Hackathons

- Participated in multiple hackathons, gaining experience in rapid prototyping, teamwork, and problem-solving.

Interests

Strong interest in both frontend and backend development. Enjoy building real products and learning systems end-to-end.
